SHIPWRIGHT - STAGING

Location: Norfolk, VA.

Required Skills:

- Current Secret Clearance
- High School Diploma or GED
- Ability to erect, modify, maintain, and disassemble all types of temporary platforms such as staging/scaffolding on dry docked or waterborne ships including staging around the sail, stern or within internal tanks and voids.
- Capable of building keel blocking, cradles, shoring, cribbing, and other structures to support ships in dry docks and shipways.
- Knowledge and experience to layout, manufacture and install temporary decking aboard ships.
- Operate portable power equipment and basic hand tools in order to manufacture wood products including skids, ladders, etc.
- Inspection of staging for any discrepancy which may compromise safety, and take appropriate action to rectify identified discrepancies as required.
- Ability to erect different types of containments and apply shrink wrap for weather protection coverage.
- Capable of installing Rubber, Air, Lead (RAL) tile, graphite tile, Special Hull Treatment (SHT), and graphite tile with fiberglass reinforced materials.
- Ability to plan, layout work from blueprints, drawings, select materials, measure and cut to required lengths, use hand tools or portable power tools using measuring instruments e.g., rulers, carpenter’s squares and levels.

Trade Specific Requirements:

- Minimum of four (4) years of verifiable relevant experience in the shipwright trade.
- Minimum of two (2) years of shipwright work experience on U.S. Navy ships/vessels.

Trade Specific Technical Standards:

- 29 CFR 191S Subpart E
- 29 CFR 1926-Subpart L
- 29 CFR 1915.71

Required Training:

- Scaffolding inspection, assembly and removal techniques.
- Building of temporary work platforms and providing stable temporary decks.
